2008

TRIFECTA—S2022243YBS
Youth Size

For 2008, Rossi's full line of youth-sized single shot long guns feature black synthetic stocks and the exclusive Taurus Security System—two features that young shooters and their parents will appreciate. Our Trifecta triple-barrel set is equipped with three of Rossi's best selling caliber barrels. Our industry-leading Matched Sets, Matched Pairs, MiniLoaders, Rifles and Shotguns are available in a variety of calibers and gauges. All Rossi firearms incorporate a transfer bar mechanism and a manual safety on a single shot, break-open design. The breech cannot be closed or opened if the hammer is cocked. Add that to the safety and one-shot discipline inherent in a single shot long gun and you have the perfect shooting platform for training. All of these guns are designed with the new shooter in mind, from the smaller stocks to the shorter barrels without compromising on features. All Rossi rifle barrels are button rifled for extreme accuracy. Many models include a carrying case and sling. Choose a Rossi Youth Gun today for that young person in your life and pass the tradition along.

THREE GUNS IN ONE—THE TRIFECTA

The Trifecta three-barrel youth gun is an extremely versatile shooting system that combines the three best selling calibers in the Rossi line.

The set includes either a .243 Win. or 44 Mag. barrel with fiber optic sights, .22 Long Rifle barrel with adjustable fiber optic sights and 20-gauge shotgun barrel with brass bead front sight. The set also includes a black synthetic stock with removable cheek piece that allows the gun to be adjusted for proper fit with the various barrels. Remove the cheek piece when using the shotgun barrel and its traditional front bead. With the cheek piece in place, the stock is just right for using the rimfire barrel's fiber optic sights. When using the centerfire barrel either with the included open sights, or with a riflescope, the cheek piece maintains the correct comb height for proper shooting form—a scope mount base that accepts any standard Weaver-style rings is included.

—Children should only shoot or handle firearms when a responsible adult is present. Children should never handle or shoot firearms unsupervised.

TAURUS SECURITY SYSTEM®

New production Rossi Long Guns now feature the Taurus Security System at no extra charge. Simply put the key in the lock on the hammer, turn and the firearm is locked. Each firearm comes with 2 keys.

NRA

Free One-year NRA Junior Membership with the purchase of any Rossi Youth Model. See us at www.rossiusa.com for details.

Custom carrying case and dual-purpose strap included.

All Rossi firearms are shipped with the Taurus Security System to help ensure safe storage of your firearm. Rossi firearms produced prior to 2006 are shipped with the Rossi Trigger Block. Firearm safety is everyone's responsibility.

12 GAUGE—S121240ST
Turkey Gun

12 GAUGE—S121230BS
Rifled Slug Gun

HEAVY LOADS FOR BIG BIRDS—THE TURKEY GUN

Rossi's perfect turkey gun—based on our popular 12-gauge shotgun with the addition of a 3½ inch chamber, fiber optic sights, scope mount base and a removable choke. The Turkey Gun barrel is threaded to accept any standard choke. With the Rossi Turkey Gun, it is going to be a great year for hunters, but not so good for the turkeys.

BRING ON THE HUNT—THE ROSSI RIFLED SLUG GUN

Many of our top whitetail states require slug guns exclusively for hunting deer, while others offer an extended season specifically for slug gun hunters. In either case, you can join the hunt in quality and style with the latest addition to the Rossi single shot long gun line—the fully rifled 12-gauge and 20-gauge slug guns.

These large bore guns are button rifled for extreme accuracy and equipped with ballistically engineered factory porting to help control the felt recoil of heavy slug loads without affecting muzzle velocity.

Rossi's button rifled barrel is equipped with the highest quality fiber optic sights from the factory. The 12-gauge and 20-gauge have a raised rail and drilled and tapped holes for installation of the included scope mount base. The slug gun also incorporates all the same safety features inherent on Rossi long guns and comes with the Taurus Security System.

.50 CALIBER MUZZLELOADING RIFLE— S50BMS
Matte Blue Steel

The Rossi Muzzleloader is a .50 caliber inline rifle designed for use with Pyrodex pellets or Tripple 7, solid copper sabot bullets and 209 shotgun primers.

This combination gives the shooter the best of both worlds—the old style of a muzzleloader and reliability, accuracy and convenience of modern powder, primer and bullet technologies. To make every shot as good as it can get, Rossi includes the highest quality fiber optic sights, a collapsible brass ramrod, and a solid steel breech plug wrench that allows quick removal of the breech plug for easy cleaning.

Our custom made ramrod neatly tucks into the forend when not in use and is fitted with a 10/32” fitting so that you can use virtually all industry loading, clearing and cleaning tips that are available.

Add these features to the button rifled barrel and you have a proven, accurate hunter.

The ramrod has a standard 10/32” threaded tip to handle most attachments.

All Rossi rifle and muzzleloader barrels are drilled and tapped to hold our optional Scope Mount Base and Hammer Extension (see accessories page.)

The manual safety prevents the hammer from striking the transfer bar mechanism.

.50 CALIBER MINILOADER— S50YNM
Youth Size
Matte Nickel Finish

The Rossi youth-sized MiniLoader muzzleloading rifle is a full-featured .50 Caliber version of the larger size Rossi inline muzzleloading rifle, but scaled down for the smaller shooter.

Rossi MiniLoader barrels are button rifled for extreme accuracy featuring fiber optic sights and are drilled and tapped to accept the included Rossi scope mount base. The excellent fit and alignment of the black Synthetic Monte Carlo Stock is designed so that the shooter can use either the fiber optic sights or scope with virtually no adjustments.

Rossi’s resilient recoil pad assures a softer recoil sensation for the new shooter.

All Rossi firearms incorporate four safety features—a transfer bar mechanism, a manual safety and single shot, break-open design with our breech lock system that prevents the action from being closed or opened if the hammer is cocked. Add the Taurus Security System to the safety inherent in single shot long guns and you have the perfect shooting platform for training!

ONBOARD LOCKING SYSTEM

New production Rossi Long Guns now feature the Taurus Security System® at no extra charge. Simply put the key in the lock on the hammer, turn and the firearm is locked. Each firearm comes with 2 keys.

All Rossi Muzzleloading Rifles have a receiver that can be fitted with a centerfire or rimfire cartridge barrel. Therefore, it is a firearm. All regulations governing the sale, shipment and transfer of firearms must be followed, including, but not limited to use of Form 4473 by licensed Dealers and the use of Licensed Dealers for shipment.

The Rossi Muzzleloader Matched Pair has all of the features of the standard inline muzzleloader plus your choice of either a 20-gauge shotgun barrel, .243 Win. rifle barrel, .22-250 Rem. rifle barrel or our 12-gauge rifled slug barrel. The button rifled .243 barrel comes equipped with adjustable fiber optic sights and is drilled and tapped. The Rossi rifle barrel has a positive extractor that assists in the removal of the shell every time. The 20-gauge modified choke shotgun barrel has a bead front sight and the same style of positive ejection found in all of the Rossi single shot shotguns. The 12-gauge slug barrel is fully rifled and ported to reduce felt recoil and is equipped with adjustable fiber optic sights.

Both additional barrels for the Matched Pair come with a separate forend with its respective barrel and a custom carry case with a dual-purpose strap. This strap is easily removed from the carry case and serves as the perfect sling for all Rossi rifles. The Rossi Muzzleloader Matched Pair offers the best of black powder shooting combined with the most popular rifle cartridge or shotgun gauge – in one handy package.

.50 CALIBER MUZZLELOADING RIFLE— S243-50MBS

Rimfire...Centerfire...
Muzzleloader...Shotgun? Can't choose? Well, there is no longer a need to pick just one. Look at these Matched Set offerings! In a full size configuration, we take one of our full-featured muzzleloading rifles and match this up with our popular .17 HMR and .270 Win. barrels.

Due to popular demand, we took the same muzzleloading rifle and fit our most popular .243 Win. and 12 gauge barrels to make the perfect hunting kit.

All centerfire rifle and muzzleloader barrels are drilled and tapped to accept the included scope mount base. That's right – 3 barrels in one compact package!

MINILOADER MATCHED SET
Because of our affinity with young shooters, we offer the Rossi MiniLoader muzzleloading rifle also fit with two of our most popular rifle and shotgun barrels.

The .50 caliber MiniLoader is fitted with our top selling .22 LR rifle barrel and 20-gauge shotgun barrel. The .45 caliber MiniLoader sports our .22 LR rifle barrel and a .410 shotgun barrel. Each rifle barrel is button rifled for maximum accuracy and offers adjustable sights as standard equipment. The shotgun barrels all feature a modified choke, ejector. Every Rossi Muzzleloader Matched Set incorporates the as manual safety on the receiver.

In addition, all Rossi rifles include our breech lock system that prevents the action from closing when the hammer is cocked.

Free One-year NRA Junior Membership with the purchase of any Rossi Youth Model. See us at www.rossiusa.com for details.

ROSSI MATCHED PAIR – ONE SCREW, ONE MINUTE, NO TOOLS

12 GAUGE AND .223 REM.— S12-223RBS
Full Size

The Rossi Matched Pair has set the standard for 2-barrel guns. This combination long gun package is unequalled, having been recognized as the best “youth-size” gun and a top notch “full-size” backpack take-along. We start with one of our popular single shot rifles, then hand fit a shotgun barrel to create the Matched Pair.

The result is a highly reliable rifle with adjustable sights and a button rifled barrel for enhanced accuracy, which quickly swaps barrels to become your favorite shotgun. This makes the Matched Pair the perfect gun for hunting or a fun day at the range.

Available combinations are listed below.

CHANGE BARRELS FASTER THAN YOU CAN CHANGE YOUR MIND

To change barrels, make sure the firearm is unloaded. Loosen the front swivel and remove the forend and swivel. Open the action and insert the barrel, replace forend, tighten the swivel and you are done and ready to shoot. One screw, one minute, no tools...no kidding!

ONBOARD LOCKING SYSTEM
New production Rossi Long Guns now feature the Taurus Security System® at no extra charge. Simply put the key in the lock on the hammer, turn and the firearm is locked. Each firearm comes with 2 keys.

SINGLE SHOT RIFLES – PUT YOUR FAITH IN ONE SHOT

.22-250 REM. HEAVY
BARREL RIFLE— R250HBS

Rossi Single Shot Rifles combine simplicity, accuracy and practicality in a rifle built for generations of shooting enjoyment. Each of these rifles is equipped with a scope rail and hammer extension that accommodates all popular optics. The heavy barrel models are button rifled for extreme accuracy.

Rossi varmint rifles and their standard profile counterparts all feature a black synthetic stock with removable cheek piece and are equipped with Rossi's soft recoil pad and distinctive white line spacer, button rifled barrels, adjustable fiber optic sights and sling swivels. Centerfire models have an extra wide positive action extractor to ensure easy removal of the spent case when you open the breech, while the rimfire models carry a powerful ejector that reliably kicks the spent or unfired shell clear.

These rifles combine four safety systems to make them as safe and enjoyable as possible.

The Rossi single shot rifle incorporates a transfer bar mechanism that stops the hammer from striking the firing pin unless the hammer has been cocked and trigger has been pulled completely rearward. This helps prevent accidental firing from drops or impact. All Rossi rifles incorporate our breech lock system, which prevents the action from being opened or closed when the hammer is cocked, along with our manual hammer block safety and Taurus Security System.

Over 100 years of firearms design has taught us that safety comes first and foremost.

ONBOARD LOCKING SYSTEM

New production Rossi Long Guns now feature the Taurus Security System® at no extra charge. Simply put the key in the lock on the hammer, turn and the firearm is locked. Each firearm comes with 2 keys.

Extra wide positive action extractor or ejector ensures easy centerfire case removal and complete rimfire ejection.

ROSSI REVOLVERS – A CENTURY OF QUALITY AND RELIABILITY

 **.38 SPECIAL + P— R85104**
6-Shot

 **.357 MAGNUM— R97206**
6-Shot

These handguns are built to the same quality and reliability standards that have been part of the Rossi name for over 100 years. Rossi offers medium and small frame revolvers in various barrel lengths—all feature deep, contoured finger grooves in the grip for a solid grasp and maximum shooting comfort. Rossi revolvers are machined from forged steel and will routinely fire powerful .38 Special +P rounds for the lifetime of your revolver.

In .357 Magnum, Rossi has two long barrel offerings – Model 971, a Blue Steel 4-inch barrel and Model 972, featuring a Stainless Steel 6-inch barrel. Rossi also offers two short barrel .357s—the Model 461 Blue Steel and the Model 462 Stainless Steel with two-inch barrels. While they are built extra tough to handle all .357 Magnum cartridges, they will fire the popular .38 Special +P rounds as well.

The Rossi 4- and 6-inch barrel revolvers all feature adjustable rear sights and red inserts on the elevated front sight for easier aim. Each revolver incorporates the patented Taurus Security System and Taurus Lifetime Repair Policy – a better revolver at a better price is hard to find.

In .38 Special, Rossi offers the Model 851 with a 4-inch vented barrel and 6-round capacity.

Rossi also offers two small frame, 5-shot revolvers chambered in .38 Special +P: the Model 351 in Blue Steel and the Model 352 in Stainless Steel. Two-inch barrels make them favorites for concealed carry and home defense, especially when loaded to their full potential.

TAURUS SECURITY SYSTEM®
New production Rossi Revolvers now feature the Taurus Security System at no extra charge. Simply put the key in the lock on the hammer, turn and the firearm is locked. Each firearm comes with 2 keys.

Rossi shotguns use the timeless single-shot break-open breech design updated with the most modern safety features. These shotguns include a spur hammer, transfer bar safety action and an integral linkage system that prevents the action from opening or closing when the hammer is cocked.

The safety functions are perfect for beginners, especially the smaller and lighter youth models that feature a shortened stock and barrel.

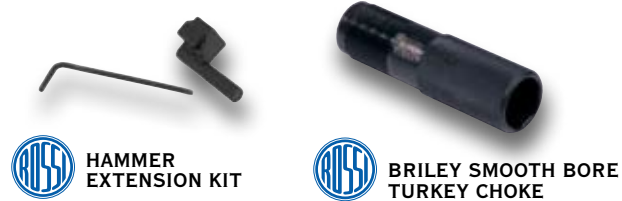

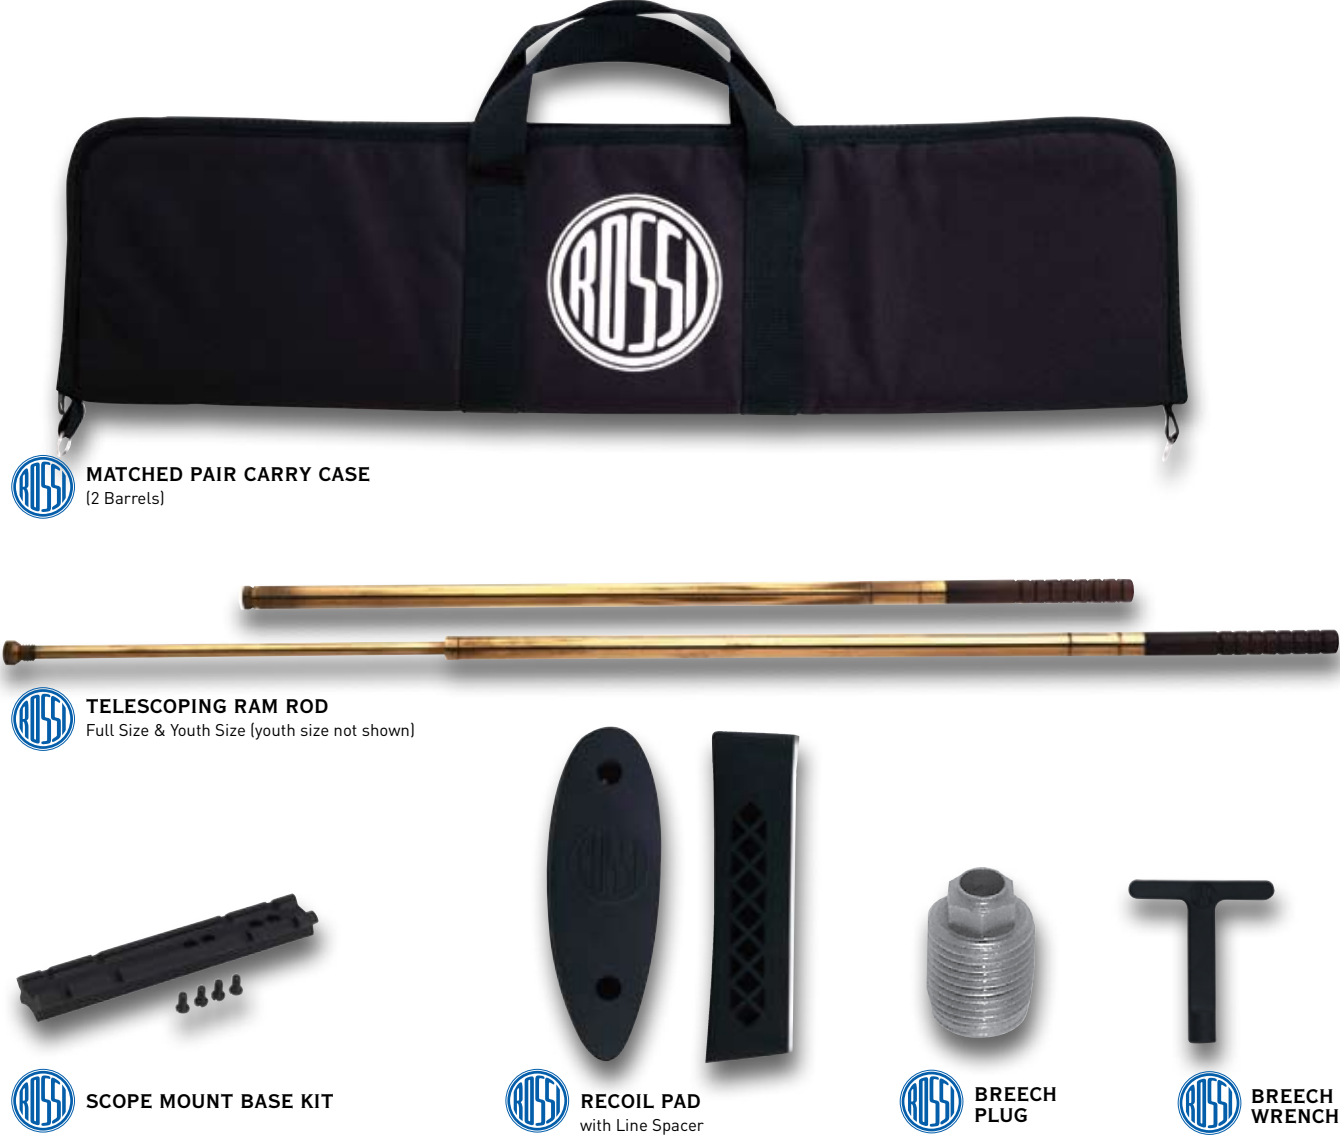

Each is a reliable, lightweight gun easily carried throughout an entire day in the field. Wide, powerful ejectors eliminate lost time removing spent hulls or unfired shells without compromising safety.

Rossi shotguns are available in 12 and 20 gauge models, weighing just over five pounds, and a four pound .410 bore all accepting either 2 3/4-inch or 3-inch shells—Standard or Magnum. The .410 and the 20 gauge are offered in even lighter youth models scaled down to fit young shooters.

ALL ROSSI SHOTGUNS FEATURE:

- Brass Bead Front Sight
- Black, Synthetic Stock
- Sling Swivels Installed
- Low Profile Serrated Hammer
- All Models Accept 2 3/4-inch Standard or Magnum Shells
- Lightweight, solid construction for easy carry all day in the field
