## THE ROSSI STORY

The Rossi revolution of firearm design and manufacture started with the founding of the company in 1889 by Amadeo Rossi. Over the past 120 years, the tradition of innovation grew along with the company and the Rossi family. The Rossi name represents a piece of firearm history and a tradition of excellence.

In 2008, Rossi was acquired by Forjas Taurus S.A. Rossi is the industry-leading manufacturer of single-shot, matched pairs, muzzleloaders, rifles and shotguns.

The acquisition integrates perfectly with the quality of firearms currently produced by Taurus International and will expand the ability to produce quality firearms at reasonable prices as well as a dedication to creating new and exciting Rossi products.

Today, a Rossi firearm still features the same dedication and innovation in every firearm. Now, as part of Taurus International, Rossi looks forward to providing you with the next generation of great firearms.

The Rossi Muzzleloader is a .50 caliber inline rifle designed for use with Pyrodex pellets or Tripple 7, solid copper sabot bullets and 209 shotgun primers. The Rossi youth-sized MiniLoader muzzleloading rifle is a full-featured .50 caliber version of the larger size Rossi inline muzzleloading rifle, but scaled down for the smaller shooter. The excellent fit and alignment of the black Synthetic Monte Carlo Stock is designed so that the shooter can use either the fiber optic sights or scope with virtually no adjustments. Rossi's resilient recoil pad assures a softer recoil sensation for the new shooter.
