

# ROSSI®

2016 PRODUCT CATALOG

# ROSSI<sup>®</sup> LEGENDARY PERFORMANCE.

Every so often, a gun comes along that demonstrates its value day in and day out, year after year, decade after decade. This gun may not be the rarest or most expensive in your safe, but through hard work, reliability and a tangible uniqueness, inevitably comes to define your collection. This is the workhorse you rely on when it counts the most. This is the gift you pass down to your children and grandchildren. This is the big smile on your face after a day in the field with the ones who matter most. **This is Rossi.**

# R92 RIFLE

Built on the tough and quick Model 92 action, the R92 combines beautifully authentic aesthetics with modern engineering, for a rifle that works hard and looks great doing so. 20" and 24" octagon-barrel models available in blue, blue/case-hardened or stainless, while 16" and 20" round-barrel models are finished in blue or stainless.

## OCTAGON OR ROUND BARREL

Heavier octagon barrel improves accuracy. Lighter round barrel for easier travel.

**WARNING concerning ammunition marked “+P” and “+P+”**  
Rossi Firearms rated for “+P” ammunition are rated for Sporting Arms and Ammunition Manufacturers Institute (SAAMI) compliant “+P” ammunition. **SAAMI does not recognize any “+P+” ammunition at all. It is DANGEROUS to fire “+P+” ammunition in any Rossi firearm and if you do so you may be seriously injured or killed.**

In addition, it seems some ammunition marked “+P” is not SAAMI compliant either. **There are only four calibers that can carry a “+P” rating from SAAMI.** They are 38 Special +P, 9mm Luger +P, 38 Super Automatic and 45 Automatic +P. **There are no other SAAMI approved “+P” loads.** Any ammunition in any other caliber marked “+P” is not SAAMI compliant, may be dangerous and should not be used.

**DANGER for “+P+”**  
**Never use “Plus-P-Plus” (+P+) rated ammunition in any Rossi firearm.** The Sporting Arms and Ammunition Manufacturers Institute (SAAMI) does not recognize such ratings and such ammunition can be very dangerous. Firing such ammunition can cause catastrophic failure in firearms resulting in serious bodily injury or death.

**WARNING for “+P”**  
Only fire SAAMI rated Plus P (“+P”) ammunition in Rossi Models designated by Rossi for +P use. Firing +P ammunition in other Rossi products may be dangerous and can result in serious bodily injury or death. **Approved Rossi models include, and are limited to, any firearm chambered in 38 Special.**

**WARNING**  
Even if your Rossi firearm is rated for Plus-P (“+P”) ammunition, such ammunition generates pressures significantly in excess of the pressures associated with standard ammunition. Such pressures may affect the useful life of the firearm or exceed the margin of safety built into many firearms. Unless you need +P ammunition, do not use it, particularly for practice.
