LEGENDS AREN'T  
THEY!

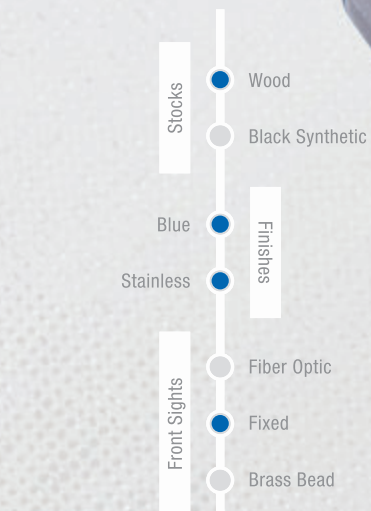

# T BORN - RE MADE.

**At Rossi®**, we've spent more than 125 years making guns that work — and work hard. When you've been around for as long as we have, you learn a thing or two about building quality, dependable firearms. That's why innovation is at the center of all we do. From the moment you hold your first Rossi gun to the day you pass it on to your son or daughter, we want you to experience what more than a century of ingenuity feels like.

# R92 RIFLE

We've taken authentic craftsmanship and paired it with modern engineering to bring you the Rossi R92. Designed around the Model 92 action, this light-weight, smooth-cycling lever-action is hand-assembled and comes in your choice of blue or stainless steel with a classic hardwood stock.

### WARNING concerning ammunition marked “+P” and “+P+”

Rossi Firearms rated for “+P” ammunition are rated for Sporting Arms and Ammunition Manufacturers Institute (SAAMI) compliant “+P” ammunition. **SAAMI does not recognize any “+P+” ammunition at all. It is DANGEROUS to fire “+P+” ammunition in any Rossi firearm and if you do so you may be seriously injured or killed.**

In addition, it seems some ammunition marked “+P” is not SAAMI compliant either. **There are only four calibers that can carry a “+P” rating from SAAMI.** They are 38 Special +P, 9mm Luger +P, 38 Super Automatic and 45 Automatic +P. **There are no other SAAMI approved “+P” loads.** Any ammunition in any other caliber marked “+P” is not SAAMI compliant, may be dangerous and should not be used.

### DANGER for “+P+”

**Never use “Plus-P-Plus” (+P+) rated ammunition in any Rossi firearm.** The Sporting Arms and Ammunition Manufacturers Institute (SAAMI) does not recognize such ratings and such ammunition can be very dangerous. Firing such ammunition can cause catastrophic failure in firearms resulting in serious bodily injury or death.

### WARNING for “+P”

Only fire SAAMI rated Plus P (“+P”) ammunition in Rossi Models designated by Rossi for +P use. Firing +P ammunition in other Rossi products may be dangerous and can result in serious bodily injury or death. **Approved Rossi models include, and are limited to, any firearm chambered in 38 Special.**

### WARNING

Even if your Rossi firearm is rated for Plus-P (“+P”) ammunition, such ammunition generates pressures significantly in excess of the pressures associated with standard ammunition. Such pressures may affect the useful life of the firearm or exceed the margin of safety built into many firearms. Unless you need +P ammunition, do not use it, particularly for practice.
